Priority 1: Mission and Religious Education

- Opening School Mass – St Joachim’s Church, Friday 13th February at 9.00am.
- Ash Wednesday Mass and Liturgy – Wednesday 18th February.

Priority 2: Learning and Teaching

- Parent Teacher Information evenings held in Weeks 2 & 3 of Term 1.
- Roll out of the one-to-one iPad program in Year 3. The school purchased the iPads rather than students bringing them to school as was the case in 2014. This year has been far more successful than 2014 because the setup of the iPads has been seamless with little difficulties faced setting up Apple IDs and the installation of the necessary Apps.
- Successful one-to-one roll out of the Mac Airs in Year 5.
- P&F to consider fundraising for:
  - 3 year IT commitment - $7500.00 per year (2014 – 2016)
  - Readers in the classroom - $3000.00
  - Visual art display cabinets outside the new Arts Centre

Priority 3: Professional Practice & Collaborative Relationships

- P&F Welcome BBQ – Friday 20th February. Thank you Fiona Potter and Eloise Campbell for your organisation.
- The Year 1 screening initiative will continue in 2015: hearing, vision and occupational therapy screening.
- The key professional learning for teachers in 2015 will focus on:
  - Religion Curriculum
  - English Curriculum
  - Mathematics Curriculum
  - The Arts
  - Health and Physical Education

Priority 4: Strategic Resourcing

- Installation of a demountable classroom has allowed 4 small classes across Year 5 & 6 rather than 3 larger classes with a composite. Reduced play space, however, the educational outcomes of the students have been prioritised.
- Increased student enrolments has provided the opportunity to employ a second Support Teacher Inclusive Education teacher for the upper primary classes; and the employment of a numeracy intervention teacher.
- School officer support in classrooms has been maintained across all classes including full time teacher aides in the prep classrooms.
- The Administration, Arts Centre, extension of the library, and new student amenities is anticipated to commence during March 2015.
