

Principal's Message

28th July 2015

Dear Parents and Friends,

Last Friday we welcomed many of our grandparents and special visitors for Grandparents' Day. I was overwhelmed with the many positive comments from our visitors regarding what their grandchildren are achieving in class. I was delighted to enter each of the classrooms and couldn't help but notice the energy, love and mutual affirmation.

Thank you to the teachers who opened their classrooms for the grandparents. Thank you to Mrs Randall and the P&F Events Committee, and all of their helpers, who assisted with the morning tea. I am also grateful to the many families who sent along a plate of food to share.

Catholic Education Week

Catholic Education Week 2015 is an opportunity for all Catholic schools to celebrate and promote their distinctive mission and ethos. This annual event is held to promote the special ethos of Catholic schools and to highlight the great things that take place in Catholic schools every day.

The theme for celebrations this year is: *Engaging Minds. Igniting Hearts. Serving Others.*

Catholic education strives to make a difference in the lives of those in our schools and in the wider community by challenging young people to live out the message of Jesus and to reach their full potential as compassionate, contributing, life-giving members of society.

We began Catholic Education Week celebrating the feast of St Joachim. Each class was provided with a wreath that will be progressively decorated as students notice acts of kindness throughout week.

During this Catholic Education Week I am encouraging all in the community to notice the positive, be grateful for all we have, and make a deliberate effort to notice the things, events and interactions that lead to **happiness**.

In an interview (July 29, 2014) for an Argentine newspaper, Pope Francis submitted his own "Top 10 Tips" for happiness. During my sabbatical leave in March this year I had the pleasure of attending a religious education conference in Los Angeles, CA. I joined a lecture presented by the inspiring Canadian Roman Catholic Oblate Priest, Fr Ron Rolhesier OMI. Fr Ron paraphrases Pope Francis' "Top 10 Tips" here:

1. **Live and let live.**

All of us will live longer and more happily if we stop trying to arrange other peoples' lives. Jesus challenged us not to judge but to live with the tension and let God and history make the judgments. So live we need to live by own convictions and let others do the same.

2. **Be giving of yourself to others.**

Happiness lies in giving ourselves away. We need to be open and generous because if we withdraw into ourselves we run the risk of becoming self-centered and no happiness will be found there since "stagnant water becomes putrid."

3. **Proceed calmly.**

Move with kindness, humility, and calm. These are the antithesis of anxiety and distress. Calm never causes high blood pressure. We need to make conscious efforts to never let the moment cause panic and excessive hurry. Rather be late than stressed.

4. **A healthy sense of leisure.**

Never lose the pleasures of art, literature, and playing with children. Remember that Jesus scandalized others with his capacity to enjoy life in all its sensuousness. We don't live by work alone, no matter how important and meaningful it might be. In heaven there will be no work, only leisure, we need to learn the art and joy of leisure not just to prepare for heaven but to enjoy some of heaven already now.

5. **Sundays should be holidays.**

Workers should have Sundays off because Sunday is for family. Accomplishment, productivity, and speed may not become our most valued commodities or we will begin to take everything for granted, our lives, our health, our families, our friends, those around us, and all the good things in life. That is why God gave us a commandment to keep the Sabbath holy. This is not a lifestyle suggestion, but a commandment as binding as not killing. Moreover, if we are employers, the commandment demands too that we give our employees proper Sabbath-time.

6. Find innovative ways to create dignified jobs for young people.

If you want to bless a young person, don't just tell that person that he or she is wonderful. Don't just admire youthful beauty and energy. Give a young person your job! Or, at least, work actively to help him or her find meaningful work. This will both bless that young person and bring a special happiness to your own life.

7. Respect and take care of nature.

The air we breathe out is the air we will re-inhale. This is true spiritually, psychologically, and ecologically. We can't be whole and happy when Mother Earth is being stripped of her wholeness. Christ came to save the world, not just the people in the world. Our salvation, like our happiness, is tied to the way we treat the earth. It is immoral to slap another person in the face and so it is immoral too to throw our garbage into the face of Mother Earth.

8. Stop being negative.

Needing to talk badly about others indicates low self-esteem. Negative thoughts feed unhappiness and a bad self-image. Positive thoughts feed happiness and healthy self-esteem.

9. Don't proselyte, respect others' beliefs.

What we cherish and put our faith into grows "by attraction, not by proselytizing." Beauty is the one thing that no one can argue with. Cherish your values, but always act towards others with graciousness, charity, and respect.

10. Work for peace.

Peace is more than the absence of war and working for peace means more than not causing disharmony. Peace, like war, must be waged actively by working for justice, equality, and an ever-wider inclusivity in terms of what makes up our family. Waging peace is the perennial struggle to stretch hearts, our own and others, to accept that in God's house there are many rooms and that all faiths, not least our own, are meant to be a house of prayer for all peoples.

(Pope Francis, 2014)

I invite you, during this Catholic Education Week, to seek moments of happiness and take time to share what you're grateful for with your children.

I am grateful to you, the parents, who support the teachers to do their jobs in an ever-changing and complex educational environment.

Best wishes for the week ahead,

Chris

Grandparents' Day

On Friday morning our classrooms were filled with the sounds of excited children and adults as we welcomed our Grandparents' into the school. I felt so privileged to be able to wander through all of the classrooms and see how proudly and enthusiastically the children were showing their grandparents and other special visitors their classrooms and their work. In previous years I have only been able to experience this with my own class but by wandering around classrooms, I was able to appreciate how special the day was.

Many thanks to all the families who brought in a plate to share, Emma Whalley, the P&F Events Committee and many other parents who helped set up, serve and clean up after the morning tea. I would also like to thank the Year 6 Events and Activities Committee who led the prayer and helped serve and finally Miss Gielen, Miss Foster and our Preps who sang beautifully to our Grandparents on behalf of the school community.

Pope Francis' Prayer/The 5 Finger Prayer

During our Prayer Liturgy on Monday for **Catholic Education Week**, the children joined together to pray the **"Five Finger Prayer."**

This is a simple prayer that **Pope Francis** uses and encourages people to pray with and because of this it has become known as the **"Pope Francis Prayer"**. Each finger on our hand represents someone we should pray for.

- **The Thumb** – it is closest to us so we think about and pray for those people who are closest to us.
- **The Pointer** – pray for those who teach, guide and heal us.
- **The Middle Finger** – pray for leaders to help them in their decision making.
- **The Ring Finger** – your weakest finger – pray for the hungry, homeless and lonely - the weakest in the community.
- **The Little Finger** – finally pray for yourself. It is only after praying for others that we know what we need.

One of the best lessons that the **5 Finger Prayer** method can teach us is that we should put others first, and by praying for others we can more clearly see our own needs. This fits beautifully into the theme of Catholic Education Week in which we are asked to **Engage our Minds, Ignite our Hearts and Serve Others.**

Have a great week.
Wendy Randall

Parent Portal News

St Joachim's Parent Portal

Thank you for the positive feedback we have received from parents following the launch of our Parent Portal. All legal guardians should have received an email on Thursday inviting them to sign up to St Joachim's Parent Portal. There were 13 emails that bounced back which means we still have some old, unused emails on record. If you are a legal guardian of your child, and did not receive an email on Thursday, this will most likely be because the school does not have a current email address on record. If you did not receive an email from Donna Vine on Thursday inviting you to sign in to the Parent Portal, please contact the school office with your current email address.

OSHC News

Dear parents and families of OSHC.

Thanks for a great vacation care – please let us know if you or your children have any ideas/suggestions/improvements for the September school holidays! We have had a wonderful start to term 3! Highlights include new blinds for our room and the use of a quiet classroom for children to use for homework.

Important reminders and updates at OSHC: **Just a reminder to please let us know by phone:** 3847 9820 or email: hollandparkoshc@bne.centacare.net.au if your child/ren do not need to attend after school care so we can mark them absent. If your child/ren are booked in and do not turn up staff must search the school and/or we have to call to locate your child/ren to ensure they are safe.

Due to this we have had to introduce a \$5.00 non-communication fee which you will only be charged if you neglect to inform us that your child/ren will not be attending after school care.

Secondly, at before school care breakfast finishes at 7:45am. Please arrive before this time if your child/ren need breakfast.

When making a direct debit/ direct deposit please put your child's first and last name on the payment to avoid confusion and to ensure your payment is added directly to your account.

Our last reminder is for all of your beloved furry friends. Unfortunately dogs are not permitted inside the OSHC room for health and safety reasons and we also have a few children who are scared of dogs.

Thanks and have great week.

The Value of Chess in Education

Children need to be exposed to a myriad of opportunities in their young lives, whether these be artistic, sporting or literary pursuits, to enable them to discover what excites them and what can contribute to their life skills in an enjoyable way.

Chess can provide one of those opportunities. We have found that girls and boys from all backgrounds, rich or poor, sporting or otherwise, including those with learning or physical disabilities, choose to make chess one of their passions.

From the extensive research conducted all around the world, it has been found that chess helps children to 'think smarter'.

In a nutshell, this is why children like to learn chess:

- They realise it helps them to think smarter.
- In most cases, after only a short time, they will be able to beat their parents at chess.
- They will be able to compete in a school team in the inter-schools chess competitions. Most kids find this to be an awesome experience
- The most important... because it's fun!

PARISH MUSIC

Who me?

Well, do you think music at Mass is important?

Absolutely!

What can you do?

Who me.???

Yes, you!

I can sing in tune but so can everyone.

No not everyone can, and we need more singers.

Who me?

Yes, you! Look it's time to stop thinking that others can keep the Church going. The parish needs both singers and keyboard players. Other instruments would be great too. Can you get a little group together who would provide music once a month? Would you like to join an existing group? Do you know anyone who isn't even a Catholic but enjoys making music and might be interested? Take a risk, think creatively.

So yes, I am talking to you, contact the parish office.
